EDUCATION

Rajiv Gandhi University of Knowledge and Technologies - Ongole,
Bachelor of Technology

Jul 2018 – present | Ongole,India

INTERESTS

Cloud computing

Data Science

Data Structures and Algorithms

PROJECTS

Image Encryption and Decryption ⬈
Image encryption using TripleDES algorithm to encrypt and decrypt data securely. This provides better process of secure encryption and decryption. It is more secure and faster than double DES. As it has lengthy key ,It provides security in storage and transmission of data.

E-Vote system ⬈
The project provides a software platform that allows groups to securely conduct votes and elections. It provides secure and fast voting system for our University. Used for University purpose each University has different aspects to have an opinion by conducting discussions and debates.

Sample Homepage ⬈
A Single Web page using HTML and CSS , Accessing it from GitHub Pages(static site hosting service)
